## **Reader Overview**

*Antonio's Summer Superstars* is an exciting new program for elementary students in New York's 19th Congressional District for the 2021 summer. This program will help to develop family ties and reading skills, both of which are essential for a successful future.

During this summertime program, children, with the help of their families, are challenged to read 20 books of their own choosing. Families will log the completed books and return the completion list to their child's teacher, or directly to Congressman Delgado's office.

In addition, we will also be holding a bookmark art challenge for participating students. The submitted bookmark images will be honored and celebrated in an online gallery for the public to appreciate each participant's artwork. These bookmarks should display a picture depicting the importance of reading from a young person's perspective.

One recognition ceremony for participants in a selected school district will be held in the fall, at which time certificates will be distributed to those children who read 20 books. This event will be hosted by Congressman Delgado.
